

National Active and Retired Federal Employees Association

Boulder Chapter 293.

President's Federation Report for CY2009---Winston Scott

This is my last message as president of Boulder Chapter 293. I am very delighted that Gaynel Andrusko has advanced from 1st VP to president and that Zdenka Smith is the new 1st VP. That allows me to become the new District VI VP replacing Al Maise and Richard Englefield who had to resign because of personal reasons. Installation of new officers was on January 8, 2010. Frank Impinna, Colorado State Federation President did the honors as installing officer. Pictures were taken after the business meeting for the historical record and the chapter's newsletter.

Gaynel and Zdenka will bring new ideas and energy to Boulder Chapter. Experienced hands are also important for continuity and tradition. We are blessed to again have for 2010 experienced officers Mary McClanahan, 2nd VP (Legislation), Jeanne/Win Nolin, Secretary, Pete Tafoya, Treasurer, and Dorothy Skinner, Editor and Acting Entertainment Chair.

I have always felt very honored and proud to be Boulder's President for the past six years. Everyone has been very friendly and helpful in the Chapter and it was a pleasure to serve. The officers who worked with me I especially want to thank them for their good advice and counsel. We had good Board meetings where officers reviewed the budget, took care of essential business and made plans for upcoming meetings. This made possible relatively short and interesting monthly meetings which members attending appreciated. We had some great entertainment of interest to seniors. With everyone's enthusiastic support, Boulder Chapter has enjoyed general membership increase, growing monthly meeting attendance, and an entertaining time well spent. All officers can be proud of what they have accomplished!

As Region VI VP, one of my duties is to attend Chapter Meetings which includes Boulder, Longmont, and Adams County. I look forward to share with chapters things that I think might be of interest from the statewide perspective. I hope to have opportunity to share thoughts and observations (short and concise I promise) at regular monthly meetings. See you around---Scotty
